Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for the Johnson Rock Revetment Project in fiscal year 2022. The entity to receive funding for this project is Glynn County, located near Ocean Boulevard on St. Simon's Island, Georgia 31522. The funding request of \$2.9 million would be used to bring the rocks to their original height to protect against damage from natural disasters. The rocks have substantial gaps, having dropped several feet and no longer offering the storm surge/flood protection they once did. Not rehabilitating the shoreline along private property would continue to pose a threat to small businesses located close to the shore. I certify that neither I nor my immediate family has any financial interest in this project.

Please contact my office at 202-225-5831 if you have any questions.

Sincerely,

Earl L. "Buddy" Carter  
Member of Congress
